Roadworks on the course meant a slight reduction in distance so that we could only run a 6 mile event. The results were top and tailed with Tom's, with the fastest ride on the night going to Tom Kruger.

For next week 12 May event we will hopefully have the correct course back in use, if not there is a slightly shorter course (8 miles) that we can use that is similar to the one that was completed on Wednesday.

The Village hall was opened at the end of the event for tea and cakes, so fingers crossed for next week it should be open at the start as well.

Thanks to everyone who supplied cakes they were very well received and also to everyone who continued to ride the event even though it was not quite the distance I had planned for.
